1.0 credit for attending the Education Session

ROUNDTABLE GOALS

- Reimagine the purpose and format of future LAN meetings
- Share ideas for educational topics most relevant to your club and team
- Identify potential speakers, panelists, and subject-matter experts
- Explore clubs interested in hosting future LAN events

EDUCATION TOPIC

Workplace Violence: How to Spot It – and Stop It Before It Starts

Violence in the workplace doesn't happen in a vacuum—it builds over time, often hiding behind behavioral red flags that go unnoticed.

This impactful session will empower general managers and club leaders to:

- Recognize early warning signs and behavioral indicators
- Understand legal definitions, reporting requirements, and obligations
- Take proactive steps to safeguard their teams, members, and guests

From harassment and domestic violence to criminal behavior and volatile guests, you'll gain practical tools for identifying, handling, and preventing threats before they escalate. Join us for a must-attend presentation every club leader should hear.

RSVP by November 15th to Jenny@balboayachtclub.com

Let's build a vibrant and valuable future for the Orange County LAN – together.
